

## OCCUPATIONAL SAFETY AND HEALTH POLICY STATEMENT

**O**ur Occupational Safety and Health Program is designed to safeguard our people.

NAVSEA's management and every employee share the responsibility of carrying out this program. We must team together to create and maintain a safe and healthful work environment.

### *Management must:*

- Provide safety training, and
- Correct hazards

### *Each employee must:*

- Learn and follow the safety and health requirements for his or her job, and
- Report all observed unsafe conditions or actions to the supervisor or the appropriate authority so that corrections can be made

By sharing this responsibility, we can reach our goal of zero mishaps, zero occupational injuries, and zero occupational illnesses.

A handwritten signature in blue ink, appearing to read "P. M. Balisle".

VADM P. M. BALISLE  
Commander, Naval Sea Systems Command
